Description

For superior absorption Magnesium Ultra™ is a high strength formula that is free of Magnesium-oxide. Magnesium Ultra™ is better utilised in the body because it contains more easily absorbable forms of magnesium plus added vitamins. This makes it faster acting and more effective for relaxing muscle tension and tightness, soothing nervous tension and stress, and assisting sleep.

Magnesium also supports physical performance during intense exercise. Magnesium Ultra™ provides a therapeutic dose of Magnesium which is essential for optimal functioning of the body. Magnesium is vital for health but is easily depleted during times of high stress and modern living.

Features:

- 1.High potency magnesium tablet (220mg)
- 2.Four highly absorbable forms of magnesium
- 3.Vitamin D & B6 for increased absorption
- 4.Convenience of an easy-glyde / swallow tablet format
